Thank-you to the two men who started it all - Liam Gibson and Jonathan McCullough, I think about you often and miss you everyday

To my family Mum Dad Alan Tara for continued and unwavering support and cheerleading. I have the best family. True story

To our best neighbours and friends that were sent to us from the gods on high Beti and Sasha Andric. Love you

To all the team at Music PEI. This is the best organization to belong to and helped me to achieve the career I work so hard for.

To all the people who continually come to my shows, get behind campaigns, become street teams and generally behave like the best fans in the world. I am humbled by you all

To my team in Canada and US, Australia, New Zealand and Asia and my new team in UK and Europe. I am so incredibly lucky to be working with you all.

To Tim, Carl and Christie for the best hangs

To my boy Dyson

And finally to the person I am in awe of everyday. My Person. My Partner. My Warrior. You are the best thing that everyday has in store...Randell. My patience was a virtue.
